

Dear Visitor:

Thank you for considering our *Spirit & Truth: Kids* faith formation resources for your congregation! Our two products (PK-2nd and 3rd-6th) have variable pricing based upon the average number of participants you anticipate the product will be used for. Our purpose for this is to make our products financially accessible to smaller congregations at pricing levels that we would not be able to sustain to continue producing faith formation resources.

What's more, there are no additional leaflets to purchase or licenses to renew (ever!), so once you purchase a product, there will be no future costs other than activity supplies!

A few definitions would be helpful in reading our pricing table below.

- **Attendance:** This is the estimated, average number of participants in the faith formation ministry in which the product will be used, which is usually Christian education time (Sunday school) but these have also been adapted for use in worship services or other groups. If you plan on using a product for only a portion of a ministry (e.g. one class or one worship service), you may use the attendance for that portion.
- **Full Year:** The full year of the *Spirit & Truth: Kids* curriculum includes all 32 lessons found in the Liturgy, Church Festivals, and Advent Units, along with our Christmas Worship Program.
- **Units:** We subdivide this “year” into three units of differing length based upon the topics.
  - ◆ The **Liturgy** unit has 18 lessons that cover the text of the liturgy (3rd-6th) or related worship themes and vocabulary (PK-2nd).
  - ◆ The **Church Festivals** unit has 11 lessons that teach about different church festivals found throughout the year.
  - ◆ For **Advent**, we offer a set of 3 lessons which are shorter than the rest in order to give students and teachers an opportunity to plan and prepare a Christmas worship service for the entire congregation.
  - ◆ Although not a unit, we also offer a **Christmas Worship Program** guide to help students and teachers plan, prepare, and lead a special Christmas worship service for the entire congregation. Each unit can be purchased separately, or together with the Full Year product option.
  - ◆ For congregations who want to focus on only specific topics, we offer the ability to order **single lessons**.
- **Special Orders:** We also are now offering the ability to make special orders of any combination of any of our products.
