Living the Word: @ Home Series

These three products are designed to facilitate faith formation at home.

God's Story @ Home (Narrative Lectionary) and *God's Word @ Home (Revised Common Lectionary)* are simplified, activity-based lessons that can be emailed to families.

Pricing is based on the number of families who will be using the lessons. Please use your best estimation. If your estimate is different than the actual number of families who are using the curriculum, you will not change your order, whether the actual number is higher or lower.

Our third home-based faith formation product is our *Sharing God's Story @ Home* resource. This is designed to be a half-sheet, double-sided paper given out each week, usually within a worship bulletin (which is why we called them "bulletin inserts"). However, these individual PDF files can easily be emailed to households.

The pricing for *Sharing God's Story @ Home* is based only on the congregation. It is the same price whether it is sent to one household or a thousand.

Note: the *God's Story @ Home (Narrative Lectionary)* curriculum does not come with devotional helps for the entire week, as our *God's Word @ Home (Revised Common Lectionary)* curriculum does. Therefore, we recommend congregations purchase our devotional bulletin inserts as well.
